A VOICE

From the Executive Mansion.

Mr. A. K. HAWKES—Dear Sir: The pantoscopic glasses you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. Respectfully yours, JOHN B. GORDON, Governor of Georgia.

Children Cry

for PITCHER'S

CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription that gives excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn."

H. A. ARCHER, M. D.,
Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children."

ALEX. ROBERTSON, M. D.,
1057 2d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children."

DN. G. C. OSOON,
Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulence, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

The House and Senate.

Proceedings of Both Branches of Congress.

NEW CONGRESSMEN SWEORN IN.

Mr. Miller, of South Carolina, Taken His Seat in the House—Mrs. Fremont, Mrs. Crook and Mrs. McClellan, Pensions—Several Bills Pass the Senate—Other Washington Dispatches.

WASHINGTON, Sept. 25.—In the house yesterday, Mr. Miller, of South Carolina, was sworn in. A resolution from the foreign affairs committee, calling on the president for information about the killing of Gen. Barrundia was agreed to. A resolution from the judiciary committee, directing that Mr. Kennedy's celebrated speech be excluded from the permanent Record was agreed to. Mr. Kennedy defended himself in a long speech. The French spoliation claims amendment to the deficiency bill was non-concurred in—8 to 87, and a conference was ordered. Senate bills were passed pensioning Mrs. Fremont, Mrs. McClellan and Mrs. Crook; also, senate bill to regulate the naming of United States vessels, and other less important measures.

The senate passed a resolution directing the heads of the state treasury, war and navy departments, to prepare bills based on the recommendations of the marine conference. A number of bills were passed. Senate substitute for the Federal court bill was passed. The land court bill was debated without action.

Silver Purchases.

WASHINGTON, Sept. 25.—The director of the mint yesterday purchased 149,000 ounces of silver bullion at the following prices: 25,000 ounces at \$1.136; 90,000 ounces at \$1.13625; 25,000 ounces at \$1.1275. The total amount offered aggregated 338,925 ounces. Including yesterday's purchases the total amount of silver bought by the government under the new law is 7,172,474, leaving about 105,000 ounces to be purchased the remainder of the month.

The President's Book in Washington.

WASHINGTON, Sept. 25.—The president and the members of his party arrived at the Pennsylvania railroad station from Cresson a few minutes past 8 o'clock last night. The president went directly to the White House in order to inspect some bills that were awaiting his approval, while the ladies of the party were driven to the residence of Postmaster General Wanamaker, where they were joined later in the evening by the president.

No Conclusion Reached.

WASHINGTON, Sept. 25.—The Republican conference on the tariff bill held a meeting yesterday, and discussed at some length the differences between the two houses on the sugar schedule and the duty on blinding twine, these being the most material points of difference now existing between the two houses. No conclusion was reached, and a further conference will be held.

The Baltimore Whoreabouts.

WASHINGTON, Sept. 25.—The published report to the effect that the United States steamer Baltimore is on her way home is incorrect. The vessel will proceed to Lisbon as originally intended and there await orders. As yet no orders have been decided upon, but it is probable that she will be sent to the China station as the flagship of that squadron.

One Day's Interest.

WASHINGTON, Sept. 25.—The preparation of interest by the treasury department yesterday for the entire country aggregated \$1,480,000.

A Woman's Horrible Crime.

JERSEY CITY, Sept. 25.—Michael Grogan, a laborer, is suffering in the city hospital from burns received a week ago. His injuries will prove fatal. Grogan accuses his sister, Bridget Melia, of pouring kerosene over his person while he was drunk, and igniting it. While he was enveloped in flames and screaming for help, he says his sister sat in a corner of the room and laughed at him. He was assisted to tear off his burning clothing by his nephew and daughter, who were attracted by his cries. His sister has been arrested.

Fatal Runaway.

STEVENS' POINT, Wis., Sept. 25.—John Kieliszewski, of the town of Eau Claire, was killed in this city last night by falling on the front of his wagon and the wheel passing over his head. The team then ran away, and Isaac Beedle, another occupant of the wagon, was thrown out and quite seriously bruised. Kieliszewski died an hour after the accident.

Shot by His Wife.

PRESTON, Wis., Sept. 25.—Charles Johnson, a laborer, was shot and fatally wounded by his wife at 13:30 o'clock yesterday. Johnson packed his satchel, and, after abusing his wife, left, saying that he would never return. Shortly afterward he returned and broke in the door. The woman grabbed a revolver and shot him in the abdomen.

Arrested for Fraud.

TIFFIN, O., Sept. 25.—C. C. Goldman, the Chicago dry goods merchant, with stores in Tiffin and Lima, who assigned last week, has been arrested on the charge of fraud, preferred by the Tiffin National bank.

Another Cincinnati Apple Buyer.

SPRINGFIELD, Mo., Sept. 25.—John Curren, a Cincinnati fruit dealer, closed a contract here yesterday for the apples of an orchard estimated to have 2,000 barrels on the trees.

BANK ROBBERS FRUSTRATED

By the Prompt Action of a Young Lady Who Lived Across the Street.

LEBANON, Pa., Sept. 25.—A very daring attempt to rob the People's bank here was neatly frustrated by the prompt action of an observing young lady who lives just opposite the bank. Assistant Cashier Elmer Hauer was alone behind the desk in charge, when a short, thick-set man, with a dark beard, entered and asked about sending a draft to some neighboring town.

A moment later another man entered, who, seeing the cashier was engaged, opened wide a newspaper and seemed to be reading. The third of the party, who had also come in, was a lightly built young man with a smooth face. The latter's movements were completely hidden from the cashier's sight by the man with the newspaper.

The man dropped upon his knees and crept around the counter toward the open vault of the bank, and to where Cashier Hauer was sitting. The young man had a sand club in his hand, but before he got near enough a young woman rushed into the bank and shrieked out, "They are robbers. There's one sneaking on his hands and knees. Look out, Elmer, they mean to kill you."

Cashier Hauer quickly turned, and the next moment the three would-be burglars dashed for the door and escaped. The young lady was Miss Hauer, the cashier's sister, who lives opposite, and who saw the strange men acting suspiciously.

BRUTAL BURGLARS.

An Old Man Felled With a Poker and His House Robbed.

STEUBENVILLE, O., Sept. 25.—Two burglars Tuesday night entered the residence of Frank Lynch, knocked him on the head with a poker, and with a revolver leveled at Mrs. Lynch's head, compelled her to hand over all the money in the house amounting to about \$15.

Mr. Lynch is 83 years of age, and the injuries inflicted by the blows are very serious. The thieves were in several other houses, but did not obtain anything. They also operated in Mingo Junction, burglarizing several saloons. They are thought to be Pittsburgh crooks.

The Standard Oil Company's Rival.

LIMA, O., Sept. 25.—The Manhattan Oil company is removing office, furniture and effects to Toledo. It is said in oil circles here that it has formed a combination with the Sun Oil company, which is one of the strongest companies in the Wood county field, and that the Paragon Refining company, of Toledo, is also in the deal. The union of these three will make a powerful and independent company, the largest ever organized in the Ohio oil field, and one that will be able to cope with the Standard. The combination will represent a capital of \$5,000,000.

No Smallpox in Mount Vernon.

MOUNT VERNON, O., Sept. 25.—The saloon keepers have decided to close their saloons during the Knox county fair as required by law, but they are mad. They are accused of a mean effort at retaliation. Wednesday morning notices were posted on all the roads leading to the fair grounds warning people to keep away as there was smallpox on the grounds. There is no such disease in Knox county, and the fair managers have published a card accusing the "gin dispensers" of the trick.

Green Goods Men Arrested.

TRENTON, N. J., Sept. 25.—Jacob Bush, of many aliases, one of the most dangerous "green goods" men in the country, was arrested here yesterday and held to await the action of the United States authorities on charges of using the mails for fraudulent purposes and attempting to defraud the government. Two of Bush's victims, who gave their names as John D. Bethia and William Atkinson, merchants of Marion county, S. C., were also taken into custody.

A Paroled Prisoner's Hope.

COLUMBUS, O., Sept. 25.—Lou Houk, paroled prisoner, whose case has been criticized so severely, called on Governor Campbell and expressed regrets that the governor did not approve of his release. He hoped, however, to live a life that would make him worthy the favor shown him, and cause no one to regret any effort made to release him. Houk is now making and selling a certain sauce after the Worcestershire order.

Four Hundred Thousand Cases of Salmon.

OTTAWA, Ont., Sept. 25.—The fisheries department has received statistics of the salmon pack on the Frazer river this season. The total catch is 246,050 cases, or 11,750,000 pounds valued at \$1,407,248. When the pack on the Noa and Skeena rivers and on the coast is added, the total number of cases will reach 400,000.

Suicided Together.

RITTERTOWN, Pa., Sept. 25.—Henry Stagerwald and his wife was found dead at their home Monday evening. On a slip of paper was written: "We die together: gone to meet our children." Mr. and Mrs. Stagerwald were an aged couple and had six children, all of whom died within the past three years.

Filling a Vacancy.

HARRISBURG, Pa., Sept. 25.—Thirty-one members of the Prohibition state committee met here yesterday and nominated John D. Gill, of Westmoreland, for governor, to take the place of Charles Miller, who declined. Mr. Gill was present and accepted the nomination.

Horse Thief in Dixie.

IRONTON, O., Sept. 25.—City Marshal Vanhorn arrested yesterday Albert Ritzi for stealing a horse from J. S. Riggs, seven miles below Gallipolis, Riggs arrived yesterday and took his horse home. Young Ritzi claims Hubbard, Trumbull county, O., as his home.

In the Labor Domain.

Switchmen Strike at Denver, Colorado.

UNION PACIFIC ROAD AFFECTED.

Some Prospects of the Trouble Extending Along the Entire Line—Chicago Switchmen on the Eve of Quitting the Stock Yards.

DENVER, Sept. 25.—The Union Pacific road has been having trouble with its switchmen here for several months past. The remedies applied have not improved the situation, and the yards have been blocked most of the time, purposefully, as the company allege. Several days ago the switchmen's grievance committee demanded of General Manager Meek the dismissal of Yard Superintendent Burns, otherwise they would strike. Pending investigation Burns was suspended.

The charges made against Burns were disproved, and yesterday morning Mr. Meek addressed a communication to the men, advising them for their neglect of duty and infirming them that Burns would be reinstated at noon, and that all who were unwilling to cooperate with him must quit the service of the company. When the whistle blew for the men to return to work at 1 o'clock not one of the 125 switchmen appeared. The company secured thirty new men and has given the strikers until to-day noon, to decide whether they will return. The officials profess belief that the strike will not extend over the whole system.

At the Chicago Stock Yards.

CHICAGO, Sept. 25.—The delayed arrival of Grand Masters Sweeny and Sargent is tending to precipitate a general strike among the Stock Yards Switching Association employees. Six switchmen were discharged yesterday, making twelve in all who have been thrown out of work for refusing to work with "Q" engineers.

It is reported that all the firemen, engineers and switchmen employed by the Switching association on twenty-eight engines will quit work sooner than work with "Q" engines and crews, unless the old engineers, Ryan and Kukaike, are put back or Brotherhood men sent out on the engines.

About one hundred engineers, firemen and switchmen are working in the yards, and only the appearance of the two grand masters can prevent serious trouble.

Trouble at Evansville.

EVANSVILLE, Ind., Sept. 25.—A strike of telegraphers of the Mackay system is likely to be inaugurated to-morrow morning.

A committee from the Evansville and Terre Haute, Peoria, Decatur and Evansville, Evansville, Indianapolis and Louisville, Evansville and St. Louis roads last night waited upon General Manager Sanl, who is here attending the funeral of Hon. William Heilman, and demanded the re-instatement of Agent Senn, at Princeton, who was discharged, the officials claim, on just grounds.

Mr. Senn refused to acquiesce, and the committee withdrew, intimating that a strike would result to-morrow morning. The company anticipate trouble, and have offered a reward of \$200 for the arrest of any one interfering with their wires in any manner.

No Trouble Faced.

MINNEAPOLIS, Sept. 25.—The Journal's Ishpeming, Mich., special says: The 4,000 miners in Ishpeming have decided to sit for a five day week for the night shift. The miners are making money and no trouble is expected.

Mule Spinners Strike.

NEW BEDFORD, Mass., Sept. 25.—The mule spinners at the Grinnell mill struck yesterday; for what reason has not yet been learned.

BASE BALL AMALGAMATION.

Latest Rumors About the Players' League and American Association.

NEW YORK, Sept. 25.—A special to The Sun from Louisville says: The deal for the amalgamation of the Players' League and the American Association has almost been consummated. The signing of the agreement is the only thing still to be done. There will be Sunday ball, beer sold on the grounds, and a general admission fee of twenty-five cents.

The following clubs will be represented in the new organization which will be known as the American Association and Players' League: Philadelphia, Boston, New York, Brooklyn, Baltimore, Pittsburgh in the east, Chicago, Louisville, St. Louis, Cincinnati, Columbus in the west. The Brooklyn National and Brotherhood clubs will combine and the Cincinnati will jump to the new organization.

The above information was given out by an official who is in a position to know it, and it can be relied upon as being authentic.

Sister Rose Gertrude to Marry.

SAN FRANCISCO, Sept. 26.—A gentleman who arrived in this city from Honolulu, by the steamer Farrallo, says that Sister Rose Gertrude is to marry Dr. Linz, the physician of Hawaii, and that the wedding will take place soon. Sister Rose has been acting as matron at the receiving hospital of Honolulu, and it was there she met the gentleman to whom she is to be joined in wedlock.

Wounded by a Junk Dealer.

PHILADELPHIA, Sept. 25.—William P. Knight, a laundryman, at No. 709 Green street, was this morning shot and dangerously wounded by Henry Newcombe, a junk dealer, at No. 709 Green street. There was no reasonable excuse for his act.

TERrible SHOOTING AFFRAY.

A Tragedy in Which Three Men Are Fatally Wounded.

"There Is An Economy That Wastes and a Spending That Spares."

Men go where credit may be had for a price, making the serious mistake of thinking they are doing good financial work—therefore economizing—by buying with pay-day six or twelve months away—getting the merchant's goods and the use of his capital all that time for nothing, you know. Oh! fatal delusion! It lures like a will o' the wisp into the unseen bogs of merciless debt.

The sweet siren song is sung of credit, and they who stop and listen to its delightful strains become the victims of the relentless toils of debt. The time-buyer is not only made to pay a long price directly but a good round interest as well on the merchant's capital he is using, and is also made to contribute toward the payment of an assessment made by all credit merchants for a certain percentum of loss by delinquent customers.

THURSDAY, SEPTEMBER 25, 1890.

The Lexington Gazette says property in that city "cannot be sold for as much as it did this time last year by 10 or 20 per cent." Has the wind been let out of another boom?

The Legislative Department Committee of the Constitutional convention has decided to report favorably a clause prohibiting Legislators and public officials from receiving free railroad passes or reduced fares.

CONGRESSMAN BOB KENNEDY's speech denouncing his brother Republican, Senator Quay, has been expunged from the Record by a vote of 151 to 35. The Republicans of the House don't want the Chairman of their National Executive Committee branded before the world as "a convicted felon at the bar of public opinion."

STATE GEOLOGIST PROCTOR has been in Europe for some time laying before capitalists the wonderful advantages and mineral resources of Kentucky. English capital has built up Middlesborough largely and is developing that section, and Mr. Proctor is doing his State valuable service in his efforts to add fresh impetus to the growth now in progress.

With the farms of Ohio valued at \$80,000,000 less than they were ten years ago, with an Illinois corn crop that it cost \$68,000,000 to produce selling for \$58,000,000 in the market, Ohio and Illinois farmers are attended with a considerable degree of economic tribulation while skirmishing round to get the stuff with which the law compels them to "protect" manufacturers no better than themselves.—Louisville Times.

WHEN James G. Blaine comes West to deliver campaign speeches to help Br'er McKinley out will the Plumed Knight denounce the Republican Tariff bill in as strong language as he has used heretofore? Just imagine Blaine standing up before the Republican farmers of McKinley's district and telling them that "the (McKinley) bill doesn't provide a market for another bushel of corn or barrel of pork!"

THE unseating of Venable, a Democratic Congressman from Virginia, and making a present of the position to Langston, the colored Republican contestant, was another outrage on the part of Speaker Reed and his gang. Venable had a clear majority of 500 and more over both his opponents in 1888, there being two Republican candidates, Langston running as an independent Republican. Several Republican members of the House were opposed to giving Langston the seat, but they were finally whipped into line by Reed and his gang.

It is still fresh in the minds of the country how Mr. Killgore, M. C. from Texas, broke the quorum in the House a few days since by kicking open a door that had been locked by Speaker Reed's orders. The idea of Reed's attempting to secure a quorum by locking in Democratic members, when the object was to unseat a Democratic Congressman, didn't please Mr. Killgore at all, and he let the autocrat know it in a forcible manner.

"Killgore's kick" is likely to become historical," says the New York Star. "The Texan has received a number of telegrams from boot and shoe houses asking him to forward his measurement, and they would send him boots to fit. One Eastern firm asked his permission to name a certain line of goods which they desired to introduce in the Southwest, the 'Killgore Kicker.' Mr. Killgore bears his honors meekly, remarking, as he did when re-nominated the other day, that a good man would sooner or later find his reward."

Tom Paynter's All Right.

Mr. Paynter is now serving his first term in the House, and has so far proven to be one of the most faithful and hard-working members of the House. While he is seldom out of his seat when the House is in session none are more prompt in looking to the interest of constituents who have business with any of the departments, and all who write to him on any business or for information on any subject receive prompt answers.

By his prompt attention to business, industry and the rectitude of his conduct generally he has won a popularity among his colleagues, without regard to party, that is rarely attained by a member during his first term. In this connection it gives us pleasure to say that the same characteristics that have made him popular in the House have also made him much stronger in the district than he was two years ago when he defeated the strongest man in the Republican party.

This fact, in connection with the change in the composition of the district, will return him to the Fifty second Congress by at least 2,500 majority. In fact, however, we do not believe he will have an opponent, making his election, like his re-nomination, by acclamation. Of course, there will be an effort on the part of the boodle gang and spell-binders of the G. O. P. to get some man who has a "bar'l," and will put it on tap, to run against Mr. Paynter, but we do not believe a man so reckless can be found in the district.—Kentucky Democrat.

THE Greenup Gazette is very anxious for the Farmers' Alliance of the district to nominate a candidate for Congress. That isn't strange at all. The Gazette is edited by a Republican, and is working in the interest of the Republican party. Without an Alliance candidate the G. O. P. stands no more show in the Ninth next November than a frame shanty before a genuine Western cyclone. With an Alliance candidate in the field, the Republican leaders feel that they will have some chance to win. Will the Alliance consent to play the cat's paw for the Republicans?

IN a recent letter referring to the provisions of the McKinley Tariff bill as they apply to Canada, Senator Sherman says:

I do believe that with a little moderation and forbearance on both sides of the line, the feeling will become universal here that special arrangements for reciprocity and trade should be entered into between the two countries.

And if special arrangements with Canada for reciprocity and trade would be a good thing, why wouldn't the same principle hold good with other countries?

THE farms of Ohio are valued at \$80,000,000 less than they were ten years ago.

"The rich are growing richer and the poor poorer" under the Republican protective tariff policy.

And the Republicans are, in the face of the above figures,

patting the farmers on the back and giving them taffy, while they are still engaged in binding them hand and foot and turning them over to the tender mercies of the "protected barons."

THE Democrats have been arguing for years in favor of wider markets. The cry of the Republicans heretofore has been that the "home market" was all that was needed. Secretary Blaine, however, has at last seen the error of the way his party is pursuing and is now getting in some "home strikes" in favor of the Democratic doctrine on this point.

THE Commissioner of Agriculture places "the untaxed property in the possession of housekeepers in Kentucky" at fully \$75,000,000. Undoubtedly the fellows who shirk their taxes are a numerous set of individuals. There are millions of dollars in cash and interest-bearing notes and bonds in the State that the Assessors never get on the tax list.

Here and There.

Hon. R. K. Hart, of Fleming, is in town to-day.

Mr. F. W. Armstrong is visiting his niece, Mrs. Hal Gray.

Miss Martha Wheatley is visiting Miss Julie Clift near Lewisburg.

Hon. E. L. Worthington left yesterday for Frankfort, where he will spend a few days.

Miss Catherine Thomas, of Virginia, and Miss Lucie Belle Smith, of Hillsboro, were the guests of Mrs. Hal Gray yesterday.

Misses Anita and Lida Pearce will leave this evening on the F. F. V. for Philadelphia where they will attend school.

The Advantage of the Public School.

Edward Everett Hale in the September Forum says: "We have no place in America for dainty people—often called gilt-edged—who think that the army would be a good place if it were not for the rank and file. So it is better for a boy of ours to be pitched into a public school, to take pot-luck with all sorts and conditions of boys, and to learn in the earliest life, that some of the best fellows in the world, not to say the brightest, never had a French nurse, and always black their own shoes when they are blacked at all. In all such schools that I have known, the tone honor is very high. And in such society one early learns the great lesson that all the people are wiser than any one of the people."

Planetary Conjunctions.

At midnight Tuesday, according to the calculations of astronomers, there was a conjunction of the planets Saturn, Venus, Mars, Jupiter and the moon. They predict a six days' continuance of the conjunction, and that the Gulf of Mexico will feel the effects. When the conjunction of these planets occurred before, A. D. 79, Herculaneum and Pompeii were destroyed, and for 1,600 years lay buried and forgotten. Recent dispatches indicate heavy rain-falls and volcanic disturbances in the South.—Enquirer.

For the Farmer.

The highest price obtained for tobacco at Cincinnati this year was \$34 per hundred for a bushel sold at the Bodman House for Charles Tatman, of Batavia, O.

The late potato crop is excellent and the yield will be great. Potatoes will not reach \$2.00 per bushel this winter as some predict. A prominent merchant informs us that they will be less than \$1. within thirty days—Ripley Bee.

A Missouri farmer purchased a piece of land thirteen years ago and devoted the larger part to fruit culture. This year he sold his apple crop of eighteen acres on the trees for \$12,000 cash, and has refused an offer of \$4,500 for eight acres of pears. The price he received for his apple crop was more than the original cost of the land. Fruit of all kinds was a paying crop this year.

Says the Cincinnati Western Tobacco Journal: "With liberal offerings this week the offerings for the nine months in the market will reach close to 89,000 hogsheads, and with the same amount offered for the next three months that was offered in the last three months of 1889 (22,570 hogsheads) the total for the year will foot up to nearly 111,500 hogsheads. Yet the receipts so far are over 15,000 hogsheads less than for the same period of 1889."

The Railways

The Prussian State Railway Department has contracted for 400 engines.

The eastbound tonnage from Chicago last week was unusually heavy, 70,658 tons against 51,20 the same week last year.

The C. and O. pay-car is making its monthly trip this week, and will distribute several thousand dollars along the route.

The railroad from Tartar Bagardjik to Constantinople was contracted to be paid for at so much per mile. The contractor made it as crooked as possible in order to increase the number of miles. Wagon roads between the termini are 100 miles shorter than is the railroad.—Exchange.

Only one tree stands within twenty feet of the roadbed of the Chicago, St. Louis and St. Paul railroad. This is spared at the request of a farmer whose son was fatally injured and was sheltered by it in his dying moments. It is nearly fenced in and is known to the railroad men as "The Lone Tree."

Rugs Missing.

A package of twenty rugs, valued at \$45, was received by Hoeftlich & Bro., the Market street dry goods merchants, Tuesday evening. It was late when the drayman delivered the goods, and the package was left on the pavement in front of the door until room could be made for it on the second floor. About 7:30, one of the clerks stepped out to get the goods but they were gone and they are still missing.

At first Mr. Hoeftlich thought some of his neighbors had carried the package away as a joke, and would soon return it, but this was not the case. The firm made some big sales that day to a country merchant, and the purchaser said a wagon would call for the packages. A wagon was seen going out one of the pikes the same evening with a package answering the description of the missing one, and it may be the rugs were carried off by mistake. If they were stolen, it was one of the boldest thefts ever committed in Maysville.

River News.

The Boston has resumed her place in the Pomeroy trade.

The General Pike had 2,000 kegs of nails for New Orleans on her last down trip.

Captain Tom Nolin, steward on the W. N. Chancellor, is in town, his boat having gone to the bank. The Sherley will enter the Portsmouth trade next week, and he will ship as steward on her.

The Boston for Pomeroy and Keystone State for Pittsburg will pass up to night and the Rainbow and Andes will pass down.

Death of Mrs. Elizabeth Taylor.

Mrs. Elizabeth Taylor died at 6:30 o'clock this morning at Washington in the 81st year of her age. She had been in failing health a year or so. Deceased's maiden name was Forman, she being a cousin of the late George L. Forman.

She leaves five sons, Messrs. George, Robert, Charles, Samuel and Ezekiel Taylor. Funeral Friday afternoon at 2 o'clock at Presbyterian Church in Washington.

The Travis Murder Case.

The examining trial of Hiram Stewart, Tobe Singleton and John Marshall on the charge of murdering Simon Travis last Saturday night was commenced at 10 o'clock this morning before Judge Phister. The prosecution is represented by County Attorney Newell, while Messrs. John L. Whitaker, T. M. Wood and A. A. Wadsworth appear for defendants.

A Card of Thanks.

The Sisters of the Visitation of Maysville return most sincere thanks to the members of the Total Abstinence Society of St. Patrick's Church, of this city, for the liberal donation so kindly presented to them.

Dr. W. H. Evans, member of the Board of Pension Examiners for this city, has been elected for a third term as President of the Eighty-ninth Ohio Volunteers, at their annual re-union at Goshen.

Mrs. LAURA SHEA has accepted a position at the Bee Hive, as cashier. She will be pleased to see her friends when in need of dry goods, notions, and anything else kept in a first-class dry goods store.

TURQUOIS, given by loving hands, carries with it happiness and good fortune. Its color always pales when the well-being of the giver is in peril. If you want a turquoise ring or pin, call on Ballenger, the jeweler.

THE Y. P. S. C. E. of the Christian Church gave a tag social in the chapel of the church Tuesday evening. About one hundred were present. Refreshments were served during the evening and a delightful time was had by all.

THERE was a lively chase early this morning in the creek bottom, between the two railroads, in which a half-grown rabbit and a half dozen or so half-grown men were the participants. The little animal eluded his pursuers some time, but was finally captured.

MARRIAGE license was granted this morning to Edward Symmonds, of Portsmouth, and Miss Fannie McAfee, of Georgetown. The wedding takes place this afternoon. The groom is Superintendent of the Western and Southern Industrial Life Insurance Company, with headquarters in this city.

THE case of Amos B. Cole against D. Shanahan & Co., to recover payment for \$1,139 worth of material furnished by the plaintiff in the construction of the Big Sandy railroad in Lewis County, has been transferred to the United States Court from the Common Pleas of Scioto County, Ohio, the parties to the suit being residents of different States.

THE firm of Ball, Mitchel & Co. was awarded the contract for putting in the elevator at the Bee Hive. A Cincinnati firm bid on the work, but when Maysville mechanics bid for a contract they bid to get it. And they do the work as cheap and in many instances better than mechanics from some of the large cities. This certainly should be a pleasure to all the members of the Commercial Club who are using every effort to push Maysville and her industries to the front.

DR. G. M. WILLIAMS' many friends and old patrons will be gratified to learn that he has returned from Lexington "to his first love," and is here to make Maysville his permanent abiding place. He has secured the rooms over Ballenger's jewelry store and adjoining the BULLETIN office, and will at once fit up elegant dental parlors. A new stairway will be put up and the place handsomely improved otherwise. The BULLETIN is glad to have the Doctor such a close neighbor.

SOME MINER MATTERS.

Not minor matters, mark you.

The matters we have in view are far from being minor or unimportant. But of course you understand the point.

Miner Matters Are Shoes.

Nobody in Maysville can think of MINER without thinking of Shoes. What we want is that nobody in Maysville think of Shoes without thinking of MINER. We want them to think.

Miner Sells Good Shoes.

But we don't want them to say regrettably, "Yes, but I can't afford to buy good Shoes."

That's the way of it.

Lots of people think that a good Shoe, such as we sell, must be an expensive luxury. We want it remembered that our GOOD shoes are as cheap as not-good Shoes, price against price. And when quality is considered, our good shoes are cheaper than not good Shoes.

Know everybody that

Distress in Ireland.

Relief Promised for the Famine-Threatened Districts.

PARLIAMENT WILL TAKE ACTION

The British Government Will Build New Railroads to Give the Unemployed Something to Do—The McAuliffe-Slavin Fight Will Yet Take Place—Other Foreign News.

LONDON, Sept. 25.—Mr. Morley's example in making a personal inspection of the famine-threatened districts of Ireland has proved contagious, and a large party of English and Scotch members of parliament has now been made up with the same object in view. The reports and statements of these gentlemen are expected to form an interesting feature of the next session of parliament.

The character of the visitors is of the highest kind, and their words will have great weight with the English Conservatives, who are not inclined to accept the statements of the Irish members as exactly unprejudiced. Meanwhile the government is pushing its scheme of relieving distress by furnishing employment for labor in the construction of light railways in Ireland. The total mileage thus far projected is seventy-five, and if necessary this will be extended considerably. Three different lines are contemplated, and the work will begin very soon.

Persecution of the Jews.

LONDON, Sept. 25.—Notwithstanding Russian official denials, persecution of the Jews is proceeding vigorously in certain parts of Russia, and especially in South Russia. At Odessa numbers of Russian families have recently received orders to quit the country, and are leaving for England or America, upwards of 600 Jewish families having been expelled from Odessa within a few weeks. Thousands of Jews, mostly of the poorer class, have left other parts of southern Russia, and they suffer greatly from privation and exposure while on their way under escort to the frontier.

The Floods in France.

PARIS, Sept. 25.—Further reports of damage by floods are being received. The town of Annonay, department of Ardèche, and the surrounding country have been inundated by the overflow from the Cance and Deaume rivers, and the damage is enormous. Factories have been destroyed, bridges swept away, and the railways damaged to such an extent as to render them impassable. The floods have been accompanied by some loss of life. In Annonay a manufacturer and several women have been killed. The water is still rising.

Nothing Strange in This.

DUBLIN, Sept. 25.—Judge Waters, of the Waterford sessions, has reversed the sentences of three months' imprisonment at hard labor, imposed upon Editors Fisher, Redmond and Spencer for plan of campaign speeches at Wakefield. The prosecution was badly conducted and aroused unfavorable remark from the court. The result is thought to be damaging to the government's prestige.

No Employment in Argentina.

LONDON, Sept. 25.—A considerable number of Belgians and Germans who had emigrated to the Argentine Republic have returned to their homes in a destitute condition, having found it impossible to obtain employment in the Argentine. They describe the country as in a condition of chaos, owing to financial and political instability.

A Depressed Market.

LONDON, Sept. 25.—Rumors of trouble in a large house engaged in the South American trade have had a bad effect on the market and depressed cedulas, although advices from Buenos Ayres are not unfavorable, and the premium on gold is 139, 3 per cent. lower than the highest point last week.

A President Resigns.

Buenos Ayres, Sept. 25.—Senor Alem, president of the Union Civica, who was made provisional president of the republic during the late revolution, has tendered his resignation to the union, which declines to accept it.

Fatally Scalded.

LONDON, Sept. 25.—Twelve persons employed on board the steamer Pandora at Armstrong's shipyards, at New Castle, were Wednesday badly scalded by escaping steam caused by an explosion on board the steamer.

Will Fight the Unions.

LONDON, Sept. 25.—At a meeting yesterday the London and provincial coal merchants adopted resolutions that they would hereafter employ only non-union laborers and that they would not increase the rate of wages.

A Change of Punishment.

ST. PITTSBURG, Sept. 25.—The Russian prison department proposes to substitute deportation to Siberia and solitary confinement in place of corporal punishment in the case of women exiles in Siberia.

A Bishop Imprisoned.

CONSTANTINOPLE, Sept. 25.—The Armenian Bishop Bedross Negarian has been imprisoned at Constantinople on a charge of inciting the Armenians to revolt.

O'Brien in Dublin.

DUBLIN, Sept. 25.—Patrick O'Brien, member of parliament, who was arrested yesterday, has arrived here and will proceed to Tipperary to-morrow.

This is Only a Promise.

LONDON, Sept. 25.—England has promised to compensate the families of the victims of the massacre by natives at Vitu, East Africa.

A Miserable Faints.

SAN FRANCISCO, Sept. 25.—Samuel Goldberg, who was shot by Millie Panhorst Monday night, died last night at the hospital. Miss Panhorst, when informed of Goldberg's death, fainted.

STEEL FOR NEW WAR VESSELS.

Secretary Tracy Desires a Conference of the Manufacturers.

NEW YORK, Sept. 25.—A special from Washington to The Times says:

The secretary of the navy has asked every firm engaged in building vessels for the navy or supplying steel for the construction of such vessels to meet himself the board of steel inspection and the bureau chiefs of the department for a general consultation on the subject of steel for the new ships. It is the wish of the secretary that the delivery of steel may be greatly expedited, so as to facilitate work on new vessels. The conference will be held just one week after bids are opened for the construction of the three battle ships and the great triple-screw cruiser authorized by the last naval appropriation bill, and the successful bidders are to be at the conference.

Was It a Murder?

Another Story About the Sunday Shooting at Wapakoneta, Ohio:

WAPAKONETA, O., Sept. 25.—The supposed accidental shooting of little Annie Minich by 10-year-old Phillip Leineniger last Sunday, is now said to have been a deliberate murder.

The boy, who is a neighborhood terror, entered the house, picked up the gun, told the child he intended to shoot her and fired the whole charge into her head. A sister of the girl sprang forward to stop him but it was too late. The boy tried to brain his own sister with a coru-entter some time ago. Mr. Minich says that if the young imp is sent to the reformatory he will not prosecute further.

The McAuliffe-Slavin Fight.

LONDON, Sept. 25.—The Ormonde club, in view of the magistrate's decision in the McAuliffe-Slavin fight, have agreed to reduce the number of rounds from thirty to fifteen. Slavin has returned to Dover court. A nobleman of sporting proclivities has arranged for Jackson, the colored pugilist, to box the winner. Both Slavin and McAuliffe have given their consent to this arrangement.

A Faithful Dog.

DANVILLE, Ill., Sept. 25.—The family of Dr. J. Campbell, a farmer living near Danville, was very uneasy Monday afternoon. Mr. Campbell and other members of the family finally concluded to follow the animal, which led them about a mile, where they found their 14-year-old son lying in the field in an unconscious condition. He had started the day before in a buggy to visit his grandparents, and his horse ran away, breaking the buggy into fragments and very seriously injuring the boy. As he had laid out of doors twenty-four hours before being discovered, his recovery is doubtful.

Brakeman Cut to Pieces.

NICHOLSON, Pa., Sept. 25.—Walter Swartz, Delaware, Lackawanna and Western brakeman was found cut to pieces on the railroad near here this morning, portions of his mangled body being scattered along the track for several hundred yards. Besides the train from which he fell two other trains had laid out of doors twenty-four hours before being discovered, his recovery is doubtful.

Saved by the Physicians.

NEWARK, O., Sept. 25.—Carl Rees, aged about 17 years, the son of Probate Judge Rees, yesterday swallowed an overdose of morphine with suicidal intent. He has been a great sufferer for several years with rheumatism and his affliction caused him to become depressed. After six hours' work physicians revived him.

Coal Firm Assigns.

WORCESTER, Mass., Sept. 25.—William H. Jourdan & Company, one of the oldest and largest coal firms in this city, made an assignment yesterday. Liabilities, \$150,000; assets, \$150,000.

A Lineman's Mistake.

OMAHA, Neb., Sept. 25.—Thomas Lewis, a lineman in the employ of the Thomson-Houston company, cut into a live wire late yesterday afternoon and was instantly killed.

Mortality induced by the brother-in-Law

ANDERSON, Ind., Sept. 25.—At Dundee, a little village a few miles north of this place, Monday evening, Frank Bowers shot his brother-in-law, Frank Etchison, in the hip with a 41-caliber revolver. They had quarreled frequently. Bowers is still at large, and, as he is regarded as desperado, he has the whole neighborhood terrorized. Etchison cannot recover.

SWING ENGINE JUMPS THE TRACK.

NASHUA, N. H., Sept. 25.—A switching engine on the Boston and Maine road jumped the track while passing over the bridge spanning the Jackson company's canal last night, and plunged a distance of sixteen feet into the water, where she lies submerged. The engine went down with the engine, but escaped by swimming to the bank. He is slightly injured.

Young Sailors Drowned.

SUNBRIE, Ont., Sept. 25.—Yesterday morning three young men named Arthur Bowyer, Charles McDonald and Hugh Rooney, went out in a sailboat intending to cross Strong lake. Yesterday afternoon their boat was found lying on its side with Bowyer hanging dead in the rigging. The other two men are missing and are supposed to have drowned.

Novelties in Jewelry.

[Jeweler's Review.]

Little jeweled globes are admired as watch charms.

Some flexible bracelets are made in gold and platinum.

Chased work, in ladies' watches, is receiving great attention.

Some new silver thimbles are shown made with wide rope borders.

Small mirrors hidden in silver lockets are sold to be worn as watch charms.

A large hook and eye in gold is an exceedingly popular form of brooch.

Charming bracelets of fine gold wire are set with half wreaths of forget-me-nots.

Cuff buttons are shown in open work discs of gold, enameled and set with diamonds.

A lace pin of rich character is a spray of sweet peas, faintly veined, and a delicate purple color.

Match boxes constructed as albums constitute a feature well thought of in the array now shown.

Side combs wreathed with turquoise and pearls alternating are attractive enough to suit many fancies.
